

Directions to Algodonales

Leave airport heading towards Malaga.

After 20-30m you should reach a roundabout - go straight over. The Car Rentals depots should be on your left.

Immediately after crossing the roundabout, move into the left hand lane. As the road splits keep left heading towards Malaga.

On this road you take the exit for Antequera. It is approx the second exit but it is a big blue sign and well sign posted. You should now be on the N340 heading east.

Continue on the N340 for a few miles until you see the signs for Cartama - approx. second exit and a smaller sign.

This is a difficult junction! As you take the slip road off for Cartama, keep in the left hand lane which bears left as the road splits, then immediately move into the right hand lane looking out for traffic joining from the right. This lane bears off right with a sign post to Cartama, you should go around until you join another dual carriage way, this is the road to Cartama and Campillos.

Continue on this road to take you out of Malaga, past Cartama and north up to Campillos without turning off , taking 30-45 mins.

As you approach Campillos, you will see the town to your left, but don't take the first left turn into the town. Go on another 100m and take the second turn towards Campillos, Jerez and Cadiz.

Continue on this road to take you through Campillos and straight to Algodonales, taking about 45 mins.

Directions to the house : _ Calle Sierra 41B – The Eagles Nest

As you approach Algodonales from Campillos, you will go through a tunnel approx 40 mins from leaving Campillos.

After the tunnel, you will see a signpost right into Algodonales - do NOT take this turn.

Continue along this main road until you see a Repsol Garage, approx 2km. Pull into the garage and you will see a track to the right of the garage building running up the hill - take this track.

At the top of the track is a T junction - turn right.

Continue along this road for approx 3km until the road splits, bear left onto upper road. Parking can be limited so try and park here on the right hand side of the road.

Walk no more than 50 metres up the road and our house is the first on the right, door on the left, No.41b.

We will leave a key under the mat and your room door will have your name on it.

Bus times from Malaga Central

Below are the times, according to the last and most current timetable available. To get to the main terminal in Malaga is easy. The 'hopper' bus can be found roughly every half hour, or possibly less, just 50yds to the right of the main entrance and taxi section. The bus costs a Euro and finishes its journey at the Malaga Central Ddepot.

Bus times below are for the Los Amarillos (green/yellow) office inside the station. Cost is about 8 Euros. N.B. Its important to ask if your bus is a direct route or 'around the houses' bus, the difference in travel time being 1.5 – 3.5 hrs!

The times are for Malaga to Ronda. We can generally easily pick you up from there but there are less frequent buses to Algodonales – again, just ask.
