What's included

All equipment and tuition, lectures and exams.

What's not included

BHPA membership: All paraglider pilots in the U.K , either qualified or under tuition are required to be a member of the British Hang gliding and Paragliding Association (BHPA). As a result all courses at Fly West Wales require mandatory membership to the BHPA costing between £10, £55 and £99 which you can pay on the day of arrival. The membership also gives you a third party cover to £2 million. Although Injury is highly unlikely in the school environment, if you are concerned by any potential time off work we advise you to take it up with a financial advisor prior to booking as we have a minimal amount of cover.

How to book

Booking is easy, contact us via our Enquiries Page or ring 0292 1251006 or 07887 943 432

Tuition places are limited so booking is essential, once you have paid for the course of your choice then book some days in our diary to come out and fly.

For advice on which course would be most suitable and to assess your skill level if you have done any paragliding before, call or drop us an email.

Payment Details

Payment for UK courses should be made in full on day of commencement or by bank transfer prior to arrival. Payment for membership to the BHPA can be made by cheque or card. Failure to turn up for days booked in the school diary will result by loss of credit.

Fly West Wales is a BHPA registered school
